

Matching Grant – Double Your Impact

It's amazing to think about, but it was over 10 years ago that Total Health and the Great Commission Latin American church in **La Ceiba, Honduras** dreamed of a partnership that would impact their community. Little did they realize all that would take place in the years to follow. That part-time clinic, opened in 2004, now operates full-time and sees over 12,000 patients a year. And from that seed, additional clinics have sprouted, enabling critical medical needs to be met in other areas within Central America. In 2011 a second clinic was opened and placed in service in **Managua**, now seeing over 5,000 patients annually. And in January 2014, the third Total Health clinic was opened in **Guyabo, El Salvador**, adding over 6,000 patients annually.

We are humbled to think that in the midst of severe poverty, expanding drug wars and gang violence, these clinics have become a source of hope and love in the community. While other

medical facilities are failing, Total Health continues to serve those in need, seeing a total of over **23,000 patients a year.**

But while we enjoy reflecting on the past, we are forced to acknowledge the needs of the future. This time of year is a critical time for charities like Total Health. Approximately 35% - 40% of our annual support is received during the months of December and January. The next two months are key enablers to meeting our continuing goals for the upcoming service year and beyond.

The annual operating requirement for the clinics are **less than \$5 per patient**, covering the costs of the physician, supplies, medications, procedures and education. It is such a small cost to enable the health of a community. But these are funds that must be raised each year in order to continue to serve those in need.

As a part of this funding, we are excited to announce that we have received another **matching grant opportunity** this year and we need your help to take full advantage of this generous grant. This is your chance to **double the impact** of your donation. Contributions made

between now and the end of the year will be **matched dollar for dollar.** What better Christmas gift can we give than the hope of a healthy future?!

Thank you once again for all of your support. Your continued generosity has helped provide healthcare to thousands of Central Americans that would otherwise go without. At Total Health we are privileged to partner and serve with you. You are impacting and changing lives around the world.

**Double Your
IMPACT!
Donation Info
